09:56:00 From Jeffrey Hill (RI) : RI often lists bills as "Held for Further Study" which doesn't necessarily mean they did not pass, it just means they will revisit it later in the session.

09:57:21 From Suzanne Rabideau : Might the tracking also include states that already had legislation for crisis services - purple dots perhaps:-)?

09:58:01 From Sierra Payne Lighthouse : Will there be protocol put in place for 988 to prevent those who may call 988 on another professing purported concern for another's mental and emotional health and well-being while having more nefarious intentions in mind? Hopefully this question makes sense...I can foresee some using 988 in the way that some use 911 -- to cause someone harm or sabotage them in some kind of way.
