09:58:34 From Sarah Corcoran, GCS (she/her) : Parity isn't a part of this bipartisan package since it's aimed more at gun violence prevention, youth mental health and school-based mental health. The Certified Community Behavioral Health Clinic (CCBHC) program is also included to extend to all states, with up to 10 states allowing to be added in every two years. Parity may be more of a focus in the SAMHSA/HRSA reauthorization packages coming out of Energy and Commerce and Senate HELP.
