09:04:15 From Andrew Guy | AHP | He/Him : Is there some place we can go to find out where the 988 call centers are located? Asking particularly for California but could apply elsewhere as well

09:04:21 From Dean Carson (OHA) : Apologies, but where is this infographic on <https://www.samhsa.gov/find-help/988/partner-toolkit/social-media-shareables>

09:04:42 From Sarah Blanka OBH : Love this infographic! Well done SAMHSA!

09:05:18 From Nicole Coleman- Idaho 988 : I just received that info graphic from a colleague. It is going to be helpful!

09:06:09 From Gerald Stansbury (Solari) : @Andrew Guy <https://www.988california.org/>

09:06:18 From Lee Ann Reinert, IL : also looking for the infographic and unable to locate on SAMHSA's site

09:07:17 From Dan Rabbitt, BHSB (he/his) : Hi everyone! Wanted pass along a new funding opportunity in Maryland. We have issued an RFP for a consultant or team of consultants to help us build and implement integrated dispatch protocols for 988 and 911 across our region. Check out the RFP here: <https://www.bhsbaltimore.org/wp-content/uploads/2022/08/Peer-Respite-Study-RFP.pdf>

09:08:22 From Laura Evans (She/Her), Vibrant Emotional Health : Why might the 988 Suicide and Crisis Lifeline utilize interventions that may involve police? Read this document to learn more (feel free to share): https://www.vibrant.org/wp-content/uploads/2022/07/988-Suicide-Crisis-Lifeline_Police-Intervention_FINAL.pdf

09:08:48 From Tina Orwall, WA Rep (she/her) : So true...most staff are not trained to support someone who is suicidal.

09:09:57 From Tina Orwall, WA Rep (she/her) : Yes DBT!! Washington is the home of DBT but we have not taken it to scale.

09:12:16 From Leigh Ann Fitzpatrick, KY DMS : What state is The Hope Institute located?

09:12:46 From Dean Carson (OHA) : Thank you, Karen Jones for sharing directly in this chat. It would be extremely helpful for SAMHSA and Vibrant to think about their dissemination plan to states and centers. We in Oregon received the new infographic via NASMHPD, but as SO many different groups are involved and silos exist internally, it would be really helpful to shore up partner resources via this group and/or other SAMHSA/Vibrant listservs. Thank you for considering.

09:13:39 From Leigh Ann Fitzpatrick, KY DMS : Love your background, Derek Lee!

09:14:42 From Amy Cohen, PhD (APA) : so interesting the variety of referrers The Hope Institute has

09:15:03 From Amy Cohen, PhD (APA) : "part of the community" is KEY

09:17:42 From Amy Cohen, PhD (APA) : This service is a critical piece in the care continuum.

09:18:11 From Denise Bulling : What is the funding mix for the Hope Institute services?

09:18:56 From David Covington : Want to introduce this question for discussion in an upcoming jam?

09:19:54 From Karen Jones : competitive pay is a huge issue for our workforce!

09:20:27 From Carin Hennessey -- NV Medicaid : This is a great conversation to have about our amazing clinicians! Care for those who care for us!

09:20:42 From Tansy McNulty : What does DBT stand for in the context of this conversation?

09:21:11 From Richard McKeon : DBT stands for Dialectical Behavior Therapy

09:21:20 From David Covington : Next week's presentation will be "Caring for our own" from Dr. Christine Yu Moutier at AFSP, but let's also bring the topic of competitive pay into future discussions

09:21:28 From Tina Orwall, WA Rep (she/her) : Dialectical Behavioral Therapy

09:23:45 From Mary Jean Weston : Can you go back 1 slide so we can get the email addresses?
Thanks

09:24:25 From Leo Petrilli : DBT worked for me the most. CBT was important too. And the first two steps of ASAM - they all help immensely.

09:24:57 From Dan Rabbitt, BHSB (he/his) : Hi everyone! Wanted pass along a new funding opportunity in Maryland. We have issued an RFP for a consultant or team of consultants to help us build and implement integrated dispatch protocols for 988 and 911 across our region. Check out the RFP here (linked the wrong one in my earlier post): <https://www.bhsbaltimore.org/wp-content/uploads/2022/08/988-Triage-RFP.pdf>

09:25:00 From Alisa Breetz (Cohen Veterans Network) : I'd love to hear from our speakers on plans for expansion of THI model. I saw on CAMS website sections on "A Hope Institute in Your Community" and "Next Steps" but would love to learn more here!

09:25:31 From Paul Galdys, RI International : Thank you Dave and Derek... great to see you both on the Jam!

09:25:56 From Laura Evans (She/Her), Vibrant Emotional Health : The Unapologetically Black Unicorn Podcast is not to be missed!

09:28:01 From Megan McDaniel (She/Her) : Peer support is so magical!

09:28:02 From Dave Jobes : CAMS evidence-base is world wide and we are working specifically within clinical trials that engage minoritized populations. Specifically there is a new project with Sean Joe engaging black teens/LBGQTQ+ who are suicidal!

09:28:09 From Wendy White Tiegreen - GA DBHDD : We are always enriched that "you go there" Keris - Thanks!

09:28:38 From Susan Robinson : Funding for this model, similar to what we have learned in SUD and co-occurring recovery models, especially for veterans i.e. Life Centers, often do not have sustainable publicly funded unless legislatures support thru line item funds. This would be a helpful discussion in the future....

09:28:41 From Amy B : Thank you Keris you are amazing.

09:29:00 From David Covington : Many clinicians feel unprepared to help people at risk of suicide, and these are powerful treatment methodologies in DBT and CAMS-Care as frameworks for engagement and collaboration

09:29:12 From Vic Armstrong : Keris, thank you so much for your candid and insightful reflections!

09:29:47 From Susan Robinson : Keris, thank you....

09:30:04 From Dave Jobes : There is also a new psychometric study of the key tool used in CAMS with black teens to study validity and reliability of the tool...

09:30:27 From Leola Washington : Thank you so very much Keris Myrick.

09:30:50 From Megan McDaniel (She/Her) : So many people deny suicidal ideation for fear of an instant psych hold.

09:32:45 From michelle.cornette : There is so often a focus on "access" in health care systems. But rapid access to evidence-based care- e.g. the Hope Institutes, is what we need to be striving for.

09:32:54 From Tansy McNulty : Thank you sharing this study,David Jobes. Will look into this for Black youth
