988 Crisis Jam – Ep 131 – June 14, 2023 – Chat Transcript

09:15:33 From David : We acknowledge that the land that now makes up the United States of America was the traditional home, hunting ground, trade exchange point, and migration route of more than 574 American Indian and Alaska Native federally recognized tribes and many more tribal nations that are not federally recognized or no longer exist.

We recognize the cruel legacy of slavery and colonialism in our nation and acknowledge the people whose labor was exploited for generations to help establish the economy of the United States.

We honor indigenous, enslaved, and immigrant peoples' resilience, labor, and stewardship of the land and commit to creating a future founded on respect, justice, and inclusion for all people as we work to heal the deepest generational wounds.

- 09:45:24 From David : One key issue to address is how many new calls to 988 would have previously gone to a local county or state crisis call line (frequently answered by the same staff who answer 988) and those calls that are new from 988 marketing... the first group doesn't make as much impact on the crisis center, but the second requires additional resourcing

<https://talk.crisisnow.com/who-is-caring-for-the-health-care-workers/>
