On February 16, 1968, a red phone rang in the police station, but that first 911 call didn't include geo-location. Early wireless integration was a challenge with difficulty triangulating location relative to nearby cell towers.

A tragedy in _____ led to changes with the FCC requiring wireless carriers to pinpoint precise locations.

A: 1994

B: 1999

C: 2006

D: 2014

Speed of response matters. The 911 call in suburban Atlanta went to another county, and dispatchers were unable to determine the women's location. Critical time was lost as she was trapped in a sinking car.

A tragedy in _____ led to changes with the FCC requiring wireless carriers to pinpoint precise locations.

A: 1994

B: 1999

C: 2006

D: 2014
